American Legion Endowment Fund Campaign Gets Support Of Sierra Madre People

**Commander Evans Expects Quota of \$550.00
to Be Reached by Memorial Day with
Funds Coming at Present Rate**

"The response of the people of Sierra Madre to the American Legion's \$5,000,000 Endowment Fund appeal is most gratifying. We will reach our quota by Memorial Day if subscriptions continue at the present rate," said Commander Arthur Evans of the local Legion Post when asked about the campaign.

Sierra Madre was still short of its quota of \$550 at the time of going to press. One hundred and twenty-five individuals have subscribed to the fund to date, one subscription having come from Venice.

The committee feels that no American will question the righteousness of giving to the child whose father died fighting for his country at least as good a chance in life as it would have had with a living father. No American will consent that one of these shall grow up in vicious, impoverished, neglected circumstances, uneducated, ill fed, half clothed, to curse the sacrifice that father made. The American Legion has pledged itself to find a home for every homeless orphan of a veteran. A home where health, education, affection and character building shall take the place of disease, ignorance, and development into lives of vice and crime.

To fulfill this pledge the Legion has its national welfare service, supported by the nation-wide membership and the auxiliary of women. Its program is simple, beginning with the determination to maintain the natural home if one parent survives and is capable, with temporary help, to maintain that home. Where no parent survives or no home seems possible, adoption into a family of carefully selected character is the objective. Foster homes are being found in growing numbers among the Legion members, where the adoption of a soldier's or sailor's baby has an especial appeal.

Of the five thousand cases of veteran's orphans so far contacted by the Legion as needing help, many are cared for through the local post in prompt fashion. In some instances temporary and special provision is necessary, and for these children the Legion is establishing

its series of children's "billets," which are groups of homes of the cottage type, conducted "family style" with six to twelve youngsters to a cottage, with a house mother. At the billets the youngsters are given attention as to health, are sent to nearby public schools, and are given a home life pending return to their own homes, or adoption.

Dr. Bovard requests that our residents bring in their subscriptions as soon as possible in order that National Headquarters may know that they have our support in this worthy cause. Subscriptions will be received at the Chamber of Commerce office, 24 W. Central avenue.

Red Caps to Be Frequent Next Week

Sierra Madre will be well represented at the Shrine celebration, which will be held in Los Angeles next week and which will be one of the biggest affairs ever held in Southern California. Sierra Madre has at least 25 members of the Mystic Shrine and at least two past potentates. It is presumed that there are several more who have not been discovered by the News but this number is sufficient to insure some representation at the festivities next week.

It goes without saying that most of the nobles of the mystic order will be on hand every minute possible and that red caps will be much in evidence around town next week. There is some possibility that a Shrine headquarters will be established in Sierra Madre where visiting nobles may come and meet other members of the order and receive any information regarding the town which they desire.

More than 250,000 visitors are expected at this conclave and their red caps will be in evidence all through Southern California during their visit here. The center of their activities will be in Los Angeles, but it is to be expected that many of those who take part in the celebrations will also have friends and relatives in other cities and will be as anxious to see as much of Southern California as possible during their sojourn here.

Among those who will take part in the great gathering is Col. John Borradaile, who is Past Potentate of Temple Ballut Ahyad of New Mexico. Colonel Borradaile is on the committee which in Pasadena will entertain the visiting nobles in that city.

Mark Jackson, Past Potentate of El Kahir Temple of Cedar Rapids, Iowa, will also be on hand at the meetings and will take an active part in the frolics. The distinction of being a Past Potentate of the order is one of the highest that come to a member.

Sierra Madre men who are known to be members of the Shrine are Fred Hooker Jones, H. R. Allen, Dr. C. H. Barker, Col. John Borradaile, P. P. J. M. Campbell, A. T. Gay, Howard Lieben, C. P. Linhart, D. F. Morton, Dr. W. W. Murphy, A. F. Smith, H. O. Smith, Dr. W. D. Teller, Dr. Thomas Warden, Mark Jackson P. P. N. W. Tarr, J. M. Steinberger, George Lehner, W. S. Hull, E. H. Wood, Louis Karpf, Philip Brecher, H. O. Vogel, George F. Roberts, and Maurice Goldberg.

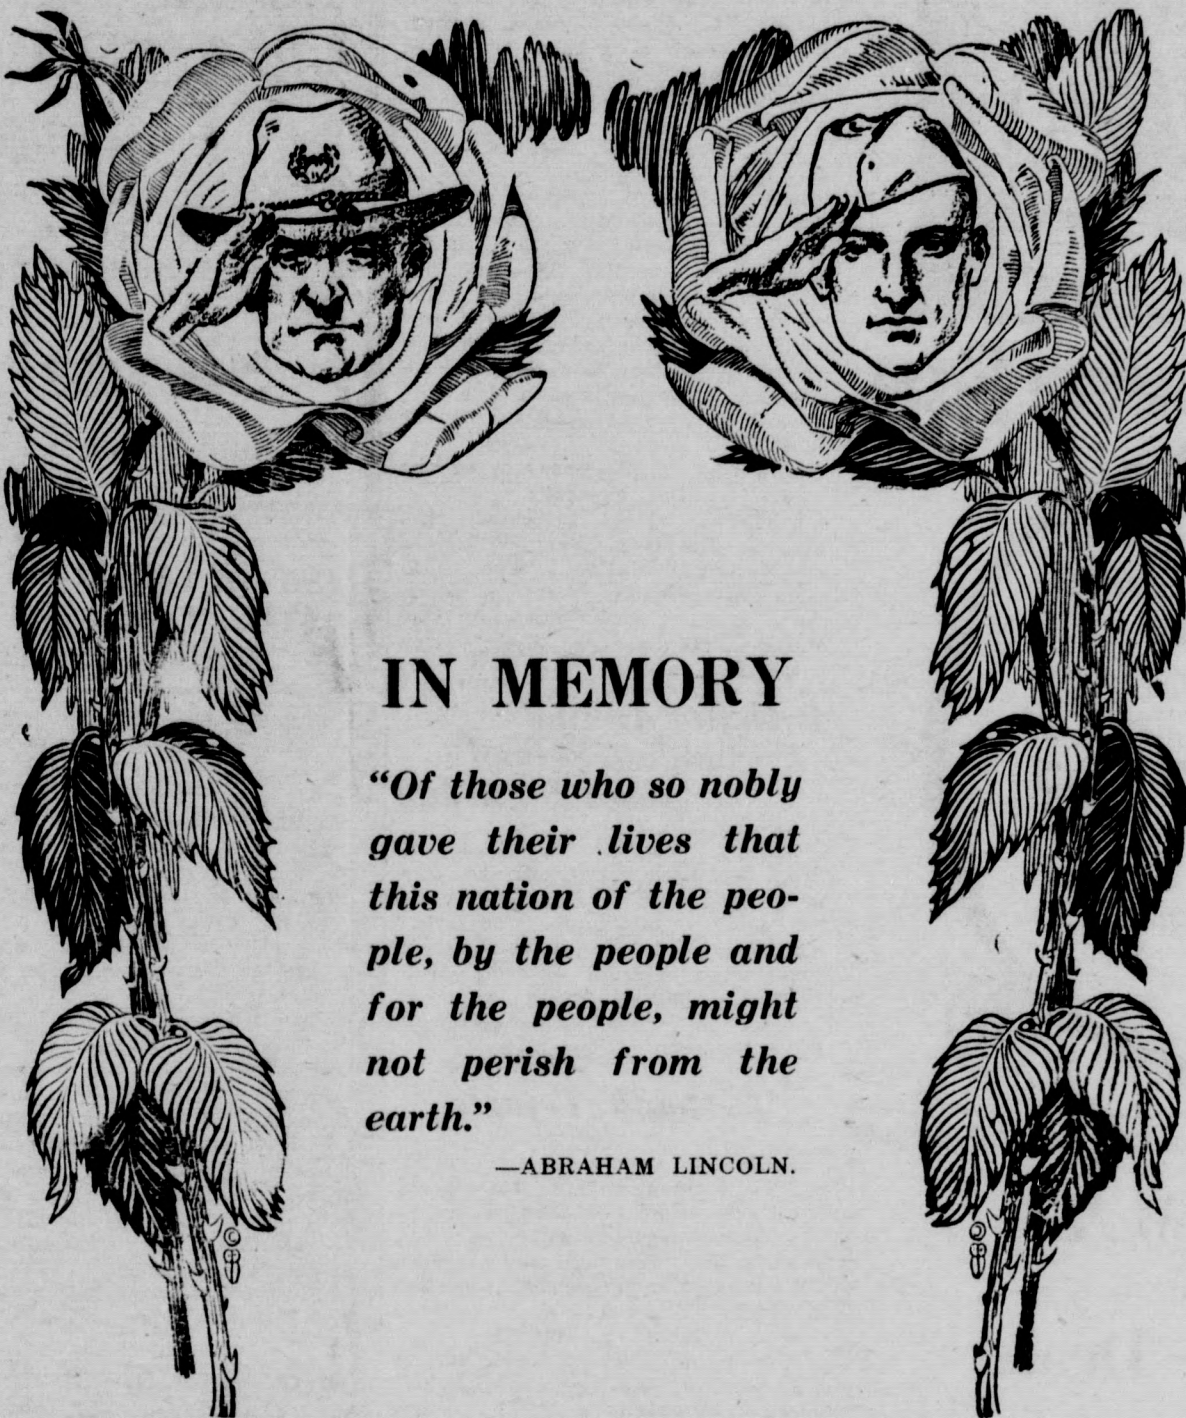

Auburn Street Reservoir Now Being Used

The Auburn street Canyon reservoir has been officially accepted by the city trustees and was filled with water for the first time on Wednesday. The new reservoir is several feet higher than any other reservoir in the city and will be used to supply water to the higher parts of the city, where the service has previously been poor.

Contractor H. H. Steinberger is the builder of the big tank, which has a capacity of half a million gallons. He is now enlarging the Mira Monte street reservoir to a capacity of a million and a half gallons and when it is completed it has been estimated that the city will have a system capable of serving 25,000 people.

The city water department has been spending several years in building up a fine system until now it has one of the best in any part of Southern California.

Committee Makes Plans for Program

Ralph Stewart, Harry Middaugh, and Henry Olsen, the American Legion Memorial Day committee, have completed arrangements for the proper observance of the day in Sierra Madre. Exercises will be held at the local cemetery at 10:30 a. m., Saturday. Prior to the program for the ceremony, the Legion will place flags upon the graves of all veterans. All residents of Sierra Madre are invited and urged to be present at the hour set for the ceremony. The following program has been arranged:

Program

Invocation, Rev. Father Bennet.
Address, Capt. J. A. Osgood, G. A. R. America, by the Assembly.
Placing of flowers on graves by American Legion Auxilliary.

Taps, Boy Scout Trumpeters.
All ex-service men are requested to be present in uniform.

J. N. Hawks states that the cemetery is being cleaned up and will present a most creditable appearance on Memorial Day.

Carl Miller is building a garage in Sierra Madre Canyon Park.

John E. Thompson is remodeling his home at 47 North Auburn.

THE CEMETERY

The fund for the cleaning of the cemetery has received a very cordial response during the last week from several sources but up to the present writing is still several dollars short of the amount needed for the putting of the grounds in suitable condition for Memorial day.

To be exact, \$28.00 has been donated and \$55.00 is needed to pay the help. Men have been at work a considerable part of the week and those who have seen the grounds as they were can easily be convinced that the work was well done and a decided city improvement has been made. There is no organization behind this move, which can furnish the money if there is a deficit. The News is simply acting as a collecting point and doing what it can to make the city of the dead a credit to the city of the living.

The News will continue to receive donations today (Friday) and during the coming week, so that the men who have done their work may be paid.

FOUR SCOUTS ADVANCED AT HONOR COURT

More Sierra Madre Scouts were advanced in rank at the regular May Court of Honor, held at the Arcadia Community Church Monday evening. These scouts are members of Troop One. Leslie Miller becomes a Star and Life scout; Bernard Bodine, already a Life and Star scout, received two additional merit badges, while the badge of bird study was won by Billy Jenkins, and of seamanship by John Henderson. The seamanship badge can be obtained only while at summer camp on Catalina Island. Applications for additional merit badges, to be won next month, were presented by local scouts and approved.

It now seems quite likely that two or more scouts of Troop One will reach the rank of Eagle by the end of the summer. The proposition has been made that if any scout attains this high rank while in summer camp, his camp fee will be refunded to him on his return home. This is spurring the scouts to greater endeavor, as several of them are keenly desirous of winning the prize. Quite a number from both local troops are planning to attend one of the five camp periods during the summer season. Most of these will attend the second period, at which time Dennis Stovall, scoutmaster for Troop One, plans to go. At this camp, also, will be scouts from various troops of district Four—from Monrovia and Arcadia as well as from Pasadena.

The Court of Honor session of Monday night was very largely attended by scouts, scout parents and committeemen. It was one of the most successful honor courts ever held in the district. Among the scout mothers n attendance was Mrs. Tom Henderson of Sierra Madre. The presiding officer of the court was Robert Mitchell. Dennis Stovall represented headquarters. Sixty-seven merit badge applications were offered for approval and as many badges awarded, among them two for the Eagle rank to Monrovia scouts.

Troops One and Two held interesting local sessions at the Park house last week, and plan equally as good ones this week. Eagle Scout Herman Tree of Troop Four was an honor guest of Troop One.

Mrs. H. T. Fennel has announced that the Wistaria Vine Tea Garden will be opened in the future on Sundays. Mrs. Fennel at first wished to keep Sunday for the family but the demand for service seemed to be greater on that day than any other and the change in policy was made.

The city trustees held a short session Thursday night, only three being present. It was thought advisable to delay all actions possible until next Thursday, when an adjourned session will be held.

The first meeting of the Eastern Star in the new temple will be held Monday night.

Festival to Have Large Local Cast

The Arcadian Festival of Greek Myths, to be given in Sierra Madre, under the direction of the Woman's club, on the evenings of June 5 and 6, will be at the time of the full moon and the festival of poetry, pantomime, music and dancing, true to Greek tradition, will find fitting setting in the garden of Mr. and Mrs. George F. Roberts, 497 West Grandview.

Group One will colorfully present the Panathenaea in its worshipful procession wending its way up to the supreme Goddess Athena for presentation of the crocus colored peplos.

Group Two will show Apollo, winning with his sacred light in the contest he holds with Pan, who is leading the Bacchantean revels.

Group Three presents three scenes from Orpheus and Eurydice, the wedding, the death and the search in Stygian abodes.

More than fifty women and men are uniting under the direction of Mrs. Glenwood Jones to present this festival in a beautiful honor to Mrs. Samuel Stork, retiring president of the Woman's Club. Those carrying the parts are filling in a peculiar way the atmosphere of ancient Greece. A rare treat is in store for all persons fortunate enough to witness the pageant.—(Secretary of Dramatic Section.)

Mrs. Anderson Passes Away

Mrs. Minnie J. Anderson, wife of George S. Anderson, 375 Mariposa, passed quietly away Wednesday night. Mrs. Anderson had gone through a period of severe suffering as a result of a nervous disorder. She had been a resident of Sierra Madre for four and one-half years, coming to reside here from Mattoon, Ill. Mrs. Anderson was 66 years old, a member of the First Congregational church and interested in civic and community affairs. Funeral arrangements have not been completed and will await the arrival of Mr. Alban Anderson, a son, from San Francisco. She leaves her widower, one son, Alban Anderson; a sister, Gardner Gevin, all of California, and Mrs. Oates, a sister, and Edward Jennings, a brother, both of Chicago. Of Mrs. Anderson it may be truly said "She fought a good fight, finished her course and kept faith."

Mrs. Elmer Green suffered a very painful injury Wednesday evening at about 5 o'clock, when the car in which she was driving was struck by a lumber truck at the corner of Allen and New York avenues in Pasadena. Mrs. Green had attended the Woman's club meeting and was on her way to the home of a friend when the accident occurred. She will be confined to her bed for several days.

Court Finds Institution To Be Guilty

The Mountain Glen Healthatorium was found guilty of violating the zoning ordinance by a jury in City Recorder C. W. Forman's court late Thursday afternoon. This is the first case which has been tried under the new law and occupied the time of the court for three days. It is understood that the case will be appealed to a higher court.

Because of the nature of the case, the court was moved from the city hall to the park house. City Attorney Fred Baker represented the city and Robert Mitchell and Harold Kiggins represented the defendants. A. M. Udell, city marshal, was the complaining witness. The case was called at 10 o'clock Tuesday morning and all of Tuesday and until 11:30 Wednesday morning was taken up in obtaining a jury.

So intense was the feeling at the time the ordinance was passed that it was hard to find jurymen who could qualify in the eyes of the attorneys. The jury which heard the case was composed of the following men: H. Isaacs, F. D. Peacock, Chris P. Linhart, Col. H. Hall, D. F. Morton, W. B. Corum, L. G. Bunker, F. E. Ward, M. A. Baird, W. P. Caley, J. F. Sharp, and S. M. Ferris.

Attorney Fred Baker, in his opening address to the jury, said that the prosecution would endeavor to prove but two points, namely, that the Mountain Glen Healthatorium is conducting an institution for the care and treatment of mental, infectious and pulmonary diseases, and that the institution is located outside of Zone B which is set aside for such institutions.

Henry Gierlich, city engineer, was called to the stand by Mr. Baker, but Attorney Mitchell interposed an objection on the grounds that the jury should not be allowed to hear testimony because the ordinance was illegally passed and therefore there was no such ordinance in existence. The jury was then excused until the attorneys argued this point.

Mr. Mitchell held that the law was passed as the result of an initiative petition and that it was passed on the night it was presented when the law requires that cities of the sixth class shall read an ordinance at one meeting and pass it at another not earlier than five days from the time when it is first introduced. Failure to meet this requirement on the part of the board, Mr. Mitchell held, made the ordinance ineffective.

Mr. Baker referred the court to the statute on initiative petitions and quoted the law which said that if an initiative petition is presented, the legislative body must pass it on the same day it is presented and not later than ten days after it is presented or call an election which made a first reading unnecessary. Then followed a heated legal battle in which Mr. Mitchell and Mr. Kiggins held that the ordinance must be passed on the day when it was received and again within ten days from that date, and Mr. Baker held that the ordinance must be passed on the day it was received, and in any case could not be delayed longer than ten days. Judge Forman ruled to sustain the ordinance.

Mr. Gierlich testified that according to his survey the defendant institution is located outside the zone set aside for sanitariums. Following Mr. Gierlich was a number of men and women who live near the institution and who testified that the inmates of the institution were being treated for the diseases above named.

Mr. Baker then introduced as evidence a brief prepared by the defendant's attorneys, Moote and Patterson, clauses of which said that the Mountain Glen Healthatorium was operated for the treatment of pulmonary and mental cases of the lightest form. An issue of the Sierra Madre News was also introduced as evidence showing that the institution has advertised as a place for the treatment of such cases.

The defense occupied only a short time, there being no witnesses questioned. Each side spent an hour in arguing their points. The case was given to the jury at about 5:45 and a verdict of guilty was returned shortly after 6 o'clock.

The case which was tried this week is said to be only a preliminary to a legal battle in a higher court. Both sides made every effort possible to have the records clear as to their position on the case in order that they might be at a good advantage when the case is reviewed. This seemed to be the objective aimed at, rather than an acquittally by the defense attorneys.

E. J. Webster will leave Sunday for Lake Pend Or Reille, Ida., where his summer home, Idlewild, is located. Mr. Webster will go by boat to Seattle and will remain a few days in Spokane before going on to his summer home.

St. Rita's Church Has Fine Service

Sunday was a red letter day among members of St. Rita's church, for the cornerstone of the new church edifice was put into place and the services which are a part of the rite were held on that day. Solemn Mass was celebrated at 9:30 in the morning with Father Bennet, C. P., as celebrant; Father Weler, deacon, and Father Peter, sub deacon. The children's choir which has grown into a fine organization, furnished the music for the occasion.

The services of the laying of the cornerstone were held in the afternoon with Father Peter as celebrant; Father Taylor, S. J., deacon, and Father Frederick, C. P., sub deacon. The sermon was delivered by Father Weler and the crowd joined in the Blessing of the Roses.

The dedication of the Shrine and Altar was under the direction of Mrs. J. Schmidt, Mrs. Woodson Jones, Mrs. D. Goettler, Miss Leona Schmidt and Miss Barbara Zeth.

St. Rita's church started to grow a few years ago at which time there were only a few families in its membership and since that time a large society has been formed with Sierra Madre as its headquarters and members in all parts of the country. The church has moved from a small frame building to a school which it has built, and is erecting a fine new church to house its activities. The church will be used exclusively for religious services and the basement of the school will be used for the social activities of the parish.

Mr. and Mrs. W. J. Lawless returned the first of the week from Santa Cruz and other northern California points, where they spent a week. Mrs. Lawless attending the convention of the State Federation of Woman's Clubs, and Mr. Lawless transacting business.

Don't forget to get your tickets to the Arcadian Pageant of Greek Myths at the News office or Hartman's drug store.

Mr. and Mrs. Jay Patterson of Hollywood attended the Masonic play here Thursday evening. Mr. Patterson says he will be present at the moving of the lodge and at the first meeting in the new temple.

Will Visit California Love Play

Friday, June 12, will be Sierra Madre night at La Golondrina, which is now being played at San Gabriel as a companion piece to the Mission Play. A special section has been reserved for Sierra Madre people and a special price of 85 cents for adults and 50 cents for children, including high school students, will take the place of the usual two and three dollar admission charge. The Pacific Electric car will leave Sierra Madre at 7 o'clock and the play will begin at 8:15. The evening program will be held under the auspices of the chamber of commerce and the tickets will be on sale at the office of that organization.

"La Golondrina" is the natural sequence of the far famed Mission Play. It is the tale of a bird with a broken wing and of a lover with a broken heart, taken from out the glamorous pages of the glorious past of California. It is being called the loveliest of all plays and is fast winning for itself a popularity which will soon rival that of the Mission Play.

The play itself is the deathless romance of the Russian Rosanof who landed on the shores of California in the golden age when the presidios were the center of a gay social life and Spanish California was at the peak of its glory. For, the coming of the Russian caused a furore throughout the land, especially when he found favor with California's most beautiful and loveliest daughter, Concepcion Arguello. Their romance is still an undying memory in the traditions of the Golden State. The moonlit trails of California have been the trysting places where for more than a century lovers have told the romantic tale of Concepcion Arguello, daughter of the comandante of the presidio at San Francisco, and the Count Nicolai de Rosanof, Grand Chamberlain to the great White Czar of Russia.

The cast of "La Golondrina" (The Swallow) includes the entire cast of the Mission Players. For the most part the scenes are laid near the ancient port of Yerba Buena, now marked by modern San Francisco. The play is in three acts. The first shows the interior of the presidio in 1807, with the golden gate in the distance. The second act is the garden of the house of Don Jose Arguello, the comandante. The last act is outside of the Mission Santa Barbara.

A good love story is always interesting. How much more so when it is a romance of California of the days of the Spaniard, and written by the hand of John Steven McGroarty!

The Elks' dance, which was given at the Sierra Madre Woman's club Saturday, was attended by a large crowd, including many people from out of town.

A number of Sierra Madre people attended the dance given by the Naval Reserve force of this district, Wednesday evening at the Santa Anita club house.

Mrs. Frank Driscoll, Miss May Reiley and Miss Louise McNamara of Boston arrived here Tuesday for an extended visit with Father Bennet. They will return to their home by way of the Pacific Route through Vancouver and other Canadian points.

The Frank Meline company is offering a small subdivision of twelve lots on the northeast corner of Auburn and Carter avenues. This is near the highest point in the city to be offered to the public. A street will be opened to bound the north and east sides of the new tract. L. C. Tucker is in charge of the subdivision.

William Richards announced the last of the week that the Canyon dances would start this year on Saturday night, May 30, at the open air pavilion. There will be a good four-piece orchestra to furnish the music. There will be dancing every Wednesday and Saturday night during the summer, Mr. Richards says.

Builders of Prize Float Get Supper

The Volunteer Fire boys gave a delicious supper to the ones who took part in the decorating of the float which took the grand prize in the Monrovia Day parade, May 16. Twenty-eight ladies and ten men were present. The dinner was a great surprise to all present and it was hardly believable that such a feast could be put on without any outside help. All ladies were barred from the kitchen entirely. The dinner started off with fruit cocktail and ended up with ice cream and cake. A rising vote was extended to the chefs, Keegan, Ike Steinberger and Carl House, who were attired in white aprons and caps. First Assistant Chef George Norris, being appointed head waiter, saw that the plates were kept well filled.

Every fire boy had a position to fill and did everything possible to make it an enjoyable evening to show their appreciation of the co-operation they received in the decoration of the float which made it possible to win the prize. A rousing cheer went up for the boys who decorated the fire engine and brought home second prize. Chief Tom Henderson kept the crowd in good humor as usual and assured all present that by the time New Year's rolled around we would have flowers and money to decorate a float and "cop" a prize from Pasadena. He also explained a scheme which he had in mind of furnishing the fire boys with uniforms as they have bought caps, badges and shirts. Earl Topping was not forgotten for designing the float, and Frank Monroe Smith was congratulated by all present as he had full charge of the decorating.

Miss Ruth Klemme returned Thursday evening from Santa Cruz where she attended the state federation of woman's clubs convention.

Miss Sarah Schwartz and Miss Nancy Davis spent the week-end at the beach in company with a crowd of girls from the Pasadena High, who have won their athletic letters.

Ed Stormer, who has been visiting his aunt, Mrs. Richards, for several weeks, returned to his home in Chicago the latter part of the week.

Mrs. Eva Spencer Howard, who underwent an operation in Pasadena hospital last week, is reported as getting along nicely and will be able to return to her home the first of next week.

The Ladies' Aid society has postponed its regular meeting which was to be held next Tuesday at the home of Mrs. George Lehner. The change was made on account of the death of Mrs. George Anderson.

Captain J. A. Osgood returned the first of the week from Sacramento, where he attended the state encampment of the Grand Army of the Republic. Capt. Osgood was elected National Delegate and will attend the National G. A. R. encampment to be held at Grand Rapids, Mich., in September.

Rudolph Hartman has an interesting window display in Hartman's drug store. The window shows a miniature stage with Dave Buchanan looking through the curtain and a model of the new Masonic temple, for which "What Happened to Jones" is being given.

Local Fete Nets Club Large Sum

The 1925 Wistaria Fete netted a profit to the Sierra Madre Woman's club of \$2,000, according to a report read at the meeting of the club held last Wednesday. This is about \$800 more than the 1924 profit which was a record up to that time.

No record was kept of the number of visitors this year, but it was estimated that more than 50,000 people saw the vine and the bazaar which was held in connection with the fete enjoyed a much larger patronage than ever before. The gross receipts were about \$4,000.

The Wednesday meeting was presided over by the vice president, Mrs. Frank Hart, and a program of unusual interest was enjoyed by the good sized crowd present. Mrs. J. N. Hawks brought down the house with a group of six songs ranging in character from French love songs to Negro lullabies. Later in the program she sang a group of four children's songs, which rivaled her former group in popularity with the audience. She was accompanied by Miss Ladd.

Mrs. Harold Allen gave a number of readings of modern poetry which won the appreciation of the audience by both their poetic value and their interpretation. Mrs. Allen's readings are always a delight to the club and this group, being somewhat different from those commonly heard, were unusually well received.

A representative of Dr. Marriam's school for children was present at the club meeting and told the ladies of the desire of Dr. Marriam, who is now an instructor in the University of California, to establish a school where children might be taken at the age of five years and kept until they had completed high school, giving them special and individual training during these growing years. Dr. Marriam has purchased the south half of the George F. Roberts estate on West Grandview and will locate such a school here, it is understood.

Mrs. Elmer Green was appointed secretary of the pageant, which will be given next Friday and everyone is instructed to do all telephoning to Mrs. Green instead of to Mrs. J. Glenwood Jones, as Mrs. Jones' time is entirely taken up with the directing of the play.

NEWS WANTADS FOR RESULTS

Well Known Farce Comes To Wistaria

It is a surprising thing, indeed, that the movie makers have not filmed "Charley's Aunt" before. Now it is about ready to arrive via the cinema and is advertised for the Wistaria theater beginning Sunday and running until Tuesday. "Charley's Aunt" probably holds more records for long-distance running on the stage than anything else outside of "Uncle Tom's Cabin." The farce was written by Brandon Thomas and first produced in England in 1892. The remarkable thing about the play was the fact that it has run continuously for the last thirty-three years and still shows evidence of going strong. "Charley's Aunt" is also credited with being the funniest play ever written, and in making the picture the producers have designed the scenario to keep all of the biggest laughing sequences in the play intact. Syd Chaplin plays the title role of "Charley's Aunt" from Brazil where nuts come from, and he is said to do the best work of his career. Chaplin is undeniably developing into one of our stellar comedians. There are critics who maintain that his "Submarine Pirate" film, made when feature movies were still young, still stands as the funniest film ever made. It is only lately that he has blossomed out as a featured comedian, for during a period of three or four years he was off the screen and acting as his famous brother's manager and engaging in business ventures of his own. In the "Charley's Aunt" film the character of the eccentric old lady is one which lends itself to Syd Chaplin's special flair for pantomime in which he is past master. The laughs come thick and fast, and the movie men are safe in promising a show of more than the usual hearty roars of mirth.

"The Fast Set"
A carpenter turned shoemaker to prevent a serious delay in the William de Mille production, "The Fast Set." While a night street scene was being filmed at the Lasky studio one of the minor players cried out that she had lost the French heel from one of her shoes. The shoe shops of Hollywood were closed and delay would have been unavoidable if the capable carpenter hadn't been at hand. He drove a two-inch wire nail through the shoe and the heel, and the filming went on. "The Fast Set" features Betty Compton, Adolphe Menjou, Elliott Dexter and ZaSu Pitts in the principal roles.

Raymond Griffith, the high hat scream of "Miss Bluebeard," and "Forty Winks," comes to the Wistaria theater next Saturday, featured with Vera Reynolds, Wallace Beery, and Louise Fazenda in the cast of the Paramount picture, "The Night Club," a pieturization of William de Mille's stage play, "After Five." Paramount claims it to be funnier than "Miss Bluebeard" and "Forty Winks" rolled into one. See what you think about it. It's an amusing story of a confirmed woman-hater who has to marry a pretty girl to collect a fortune left him by his uncle.

Will Clean Up Property Says Udell

This is the month to clean up your premises and vacant property, according to A. M. Udell, city marshal. This is not only the time when it is suggested that one should clean up but the city ordinance says that you must clean up and Mr. Udell has been instructed by those still higher up that July 1 should see every lot ranch or homestead spic and span for the coming dry weather when conflagrations may start at any minute.

During this month every one is instructed to go over his property and see that all rubbish is removed and grass and weeds destroyed so that there will be nothing objectionable or which might cause fire or disease during the coming months. In cases where this is not done, the city will clean the premises and a lien for the expense will be held against the property, Mr. Udell says.

IMPROVIDENT YOUTH

I CAME upon the old man suddenly as I hurried down Michigan avenue blinded by the snow that was clinging to my face, chilled by the wind that cut through my heavy coat like a knife. He was sitting in a protected corner of the passageway in front of the Straus building wiping his watery eyes with one bony hand and with the other holding out a battered hat for alms. A few cheap pencils in his lap saved him from the charge of being wholly a mendicant.

He was far past the allotted three score years and ten, his face seamed, his form bent, his thin white beard falling over his scantily clad breast, and the wind tossing his hair like a plaything. It was a hopeless face that he turned to me.

Poverty is in many cases a stimulus; it drives a young man often on to greater endeavor; it may quicken his ambition; it may be a challenge to his courage; but helpless and hopeless old age and poverty are pitiful. I suppose that sixty years ago when life was all before him and the hot blood of youth coursed in his veins, the boy had no thought that old age would find him sitting on the curbstone begging for the necessities of life. And yet it is likely that opportunity more than once knocked at his door. Youth is proverbially improvident, and old age seems a long way in the future. Why think of it until one has to do so?

"What are you going to do when you are old?" I asked a young fellow forty years ago—a man who had had a good salary for years and yet who had saved nothing—who was in debt in fact. "Oh! I may be dead before that time," he replied, "and anyway I have a good many years before I shall be old."

He is a feeble old man now, his strength spent through indulgence, his job gone, his money wasted through extravagance, and no one interested in whether he lives or dies. His clothing is worn threadbare, he is uncertain where his next meal is coming from, and his lodging place is quite bare of even the simplest comforts. And yet if when he was young he had given even a little thought to the future, if he had saved a little every year no matter how modest the sum might have been, he could now be living in comfort if not in luxury, and in doing this he would have sacrificed nothing that was really of importance to his comfort and happiness.

If youth would only be provident, how peaceful and comfortable old age might be!

Near East Relief Bundle Day Is Set at June 3

"Bundle Day" for Near East relief is to be on Wednesday, June 3. The Near East relief is asking for used clothing both light and heavy weight for infants, children and adults. Shoes for men and children can be used, bedding, old sheets for bandages—in fact anything in which there is yet some wear.

Take or send your bundle by some boy scout or school child to the school house, which is the receiving station for all bundles.

The clothing received is to be sent immediately to the Near East to re-

lieve the destitute refugees, especially those suffering in the refuge camps of Greece at the present time.

Dr. Elwood P. Lyon was the guest of the Southern California Bible School of Los Angeles last Tuesday and reports a most pleasing time with this aggressive, spiritual school with a splendid faculty and 75 students, with Rev. H. K. Needham, principal.

The Bethany Temple Christian Endeavor society were privileged to have Mr. G. King, one of the Christian Endeavor officers of Los Angeles county, address them last Sunday evening. A good company with five new C. E. members greeted Mr. King at this service.

"Nixies" Cause Great Expense Says Postmaster

A letter, postcard, parcel or newspaper entering the mails is simply a piece of mail, according to postmaster Jessica M. Wright. If, because of inadequate or incorrect address and, in the case of the package—improper wrapping—a piece of mail must be taken out of the regular postal machinery for "directory service" or "hospital service," it becomes a "nixie," she says.

If the postal sleuths are able to correct the address, or return to sender for a better one, it again becomes a piece of mail—though "delayed mail" is the better sobriquet.

If, after an exhaustive effort, the postal "detective" must give up the puzzle, and there is no return address, the piece of mail is consigned to the Dead Letter office, where it again changes its name to a dead letter or dead parcel, as the case may be.

Its period of existence as a nixie is a most expensive one. It demands special attention from the very best clerks. Valuable time is spent in its behalf, time which also may prove more costly to the mailer or intended recipient through the attendant delay.

But in the long run, the postal service loses most. In Chicago 40 workers do nothing but handle nixies. In New York the service costs \$500 daily. In all the nixie costs the government about \$1,740,000 a year. Even a small office like Sierra Madre handles a large number of nixies during the year.

Last week the Sierra Madre Transfer company made a successful trip to Oakland, California, hauling a full van load of household goods and making the round trip in five days. This is the first of a series of long trips contemplated. Shipping goods by closed van requires no crating and handling only one time.

Dr. and Mrs. Harry Koplin of Los Angeles are staying with their daughter, Elsie, at the Mountain House on Baldwin avenue.

Local Farce Makes Hit First Night

"What Happened to Jones" received a big hand from the crowd which gathered to see the initial performance on Thursday night. The crowd last night was not large, though the center section was well filled and some of the best seats in the side sections were taken but those who were there were full of praise for the performance.

Dave Buchan in the leading role of Jones got a laugh from the opening speech until the final curtain fell. Dave is not new in theatricals but is new to local audiences and he is regarded by local players and directors as a find. His brother, Jack, as William Bigby, a gentleman with unsound mind, was in his usual peppy form and played a difficult part in a way that won the approval of all who witnessed the performance.

R. M. Finlayson and Ethel Hawks as Prof. and Mrs. Goodly took their character parts in fine style and aside from being funny did a fine bit of characterization. Helen Hill as Helma, a Swedish girl, did the part justice in every respect. Edith Blumer, as Alvina Starlight, and J. N. Hawks as Anthony Goodly, D. D.,

played their parts in a way which indicated the reason why their services behind the footlights are always in demand.

Netta Finlayson, Viola Fennel and Oscar Jacobson again filled places in the cast and in such a manner that they seem destined to become fixtures in Sierra Madre amateur theatricals. Virginia Jones and Richard Young as Mr. Goodly's daughter and her fiance, showed that so far as acting is concerned, there is nothing wrong with the younger set.

A good crowd is expected tonight (Friday) as the advance sale, shows a much heavier demand for tickets than last night.

Stores Will Not Close for Fire Work

The retail stores of Sierra Madre will not close on Thursday of next week, as previously announced, according to M. D. Welscher, chairman of the merchants' bureau of the chamber of commerce. The work on the break will be done as previously planned, but instead of making it a holiday, the merchants will release some of their men for work on the break or hire substitutes and will take more than one day to do the work. It is understood that the reason for the change is that the merchants believe that it is not advisable to close their stores at this time, following so close upon a holiday.

Owing to a last minute disappointment in a speaker, H. Gregor, chairman for the chamber of commerce lunch on Tuesday, was unable to present a regular program but filled the deficiency very well with some

impromptu remarks on fire protection by the city water superintendent and street superintendent. The lunch next Tuesday will be at the Wistaria Tea room and the program will be devoted to discussion of a parasite which is costing the taxpayers two millions a year—an unnecessary two millions loss. Some local specimens of this will be displayed to those present and it is hoped some constructive effort to reduce the Sierra Madre part of the two millions will result.

Mrs. Elizabeth Meyers, 30 years old, died at 71 North Lima Tuesday night. Mrs. Meyers was in Sierra Madre only a few weeks. Ray Grant is the undertaker in charge of the remains, which will be shipped to Sharpville, Pa., for burial.
